

## About Central Inspection System

The Government of Gujarat, under the Ease of Doing Business (EoDB) initiative, has institutionalized a Central Inspection System (CIS). This initiative is aimed to ensure timely and synchronized inspections between various departments in order to simplify business regulations and bring transparency and accountability in inspections.

As part of this, the computerized system generates list of units to be inspected based on risk levels of the businesses (depending upon various parameters such as sector, investment, etc.). However, surprise inspections may be conducted based on complaints.

The Central Inspection System covers inspection generation under four departments, namely:

|  |  |
|--|--|
| Labour & Employment Department (L&ED)              | Gujarat Pollution Control Board (GPCB)       |
| Legal Metrology (Food & Civil Supplies Department) | Urban Development & Urban Housing Department |

### The functions of CIS are as follows:

- Scheduling of random inspections
- Scheduling of joint inspections
- Development of transparent checklists and procedures
- Establish parameters for risk-based inspections
- Develop modalities for surprise inspections and maintain records accordingly
- Encourage third-party inspections/self-certification
- Uploading of inspection report within 48 hours of inspection

### Acts Covered under Central Inspection System:

Total 14 acts, as mentioned below, are covered under Central Inspection System. Out of these acts, Joint Inspection will be carried out for acts pertaining to Director Industrial Safety and Health, Labour Commissionerate, Gujarat Pollution Control Board and Urban Development & Urban Housing Department i.e., acts mentioned at Sr. no. I to X.
